

NATURE'S FINEST

The purpose of the activity is to enlighten the students about the importance of plants and their usefulness.

Through various activities and exchange of information, the students will become conscious about nature and care for it.

Activity 1- Role Play : I am a Leaf

- To empathise with a leaf and look at life from a different perspective. They collected a sample of a leaf and did a role play on the same.

PASTING PLANTS

Students collected and pasted sample of an original leaf and written about the function and usefulness of the same.
